

DAVID'S GREAT TRANSGRESSION
(3 Samuel 11)

Some needed biblical principles to consider:

- Sin deceives us in 3 ways:
 4. Sin promises _____ term _____, but really brings _____ term _____!
 5. Sin promises _____, but it really _____ us to more sin.
 6. Sin prevents us from _____ things as they _____ are! ("Be not deceived")

III. David's Great Transgression (11)

F. The Set Up For Failure (11:1-2)

3. In the spring, when kings go out to do battle, David _____ all the able bodied men of Israel off to _____, but he _____ at the palace in Jerusalem!
- Why was this?

2. On one particular evening, as David walked on the roof of His house, he _____ a woman _____ herself, and he _____ her, and noted, she was very _____!

G. Adultery with Bathsheba (11:3-5)

4. David then _____ after the woman he saw!

5. And someone said, “Is not this Bathsheba, the _____ of Uriah the Hittite”!

- Two things can be noted here:

6. David then _____ her & he _____ her & he _____ with her committing _____ with her!

- We see in all this a sequence we need to observe:

- This sequence to sin & death was not new...

- How guilty was Bathsheba in all this?

What does all this teach us?
